Civil Rights Challenge Given

Stevenson Seeks To Draw Answer By Ike

NEW YORK (AP) — Gov. Adlai Stevenson closes his first campaign invasion of the East today after throwing a series of challenges at the Republicans, particularly on the issue of civil rights.

He plans to return to his office in Springfield, Ill., this afternoon.

Stevenson—possibly with an eye on Eisenhower's first trip through the South—emphasized civil rights and an allied issue of the Senate filibuster in his last New York speeches.

This is what he said: "The federal government has a direct responsibility to maintain progress by helping to secure equal rights for all our people. . . I have been impressed by the recent bill reported by Sen. Humphrey on behalf of the Senate Labor Committee."

This bill sets up anti-discrimination standards on employment in the individual states—with provision for the federal government to step in if an individual state does not act.

On the question of the filibuster, Stevenson said:

"The precise nature of the changes that should be made in the present rules of Congress is, of course, a problem for the Congress itself. . . As President, I could not make the decision, but I could and would use whatever influence I may have to encourage the congress to shake off its shackles."

He pin-pointed his position with the words:

"In these perilous times, we cannot risk submerging our national purposes in a sea of interminable conversation."

Eisenhower told a delegation from the National Association for the Advancement of Colored People several days ago that he is opposed to compulsory enforcement of civil rights legislation.

Roy Wilkins, administrator of the NAACP, quoted the general as saying he was opposed to the compulsory clauses.

"He just couldn't come to the conclusion that that's the way to solve the problem," Wilkins added.

'Fireworks' Seen Coming In Ike's Speeches Soon

GOP Candidate Takes 3 Days Off To Work On Dixie Addresses

NEW YORK (AP) — Gen. Dwight D. Eisenhower closed his office door to visitors today to write speeches that an aide hinted would produce the "fireworks" his supporters have demanded.

The Republican presidential candidate intended to closet himself with his staff for three straight days to concentrate on addresses he will deliver on a Southern trip starting Tuesday.

This attention on what to say and how to say it followed complaints from some of his most ardent admirers that his campaigning so far had been too soft.

Pacing Campaign

A stream of callers at his headquarters yesterday told newsmen the general was pacing his White House bid ably, building it up gradually to reach a peak just before election rather than firing his heavy ammunition now.

But with his Democratic rival, Gov. Adlai E. Stevenson of Illinois, throwing increasingly sharp barbs in the general's direction, James Hagerly, Eisenhower's press secretary, told reporters the GOP candidate might explode some fireworks on his Southern swing.

Previously, he had not been slated to start his oratorical slugging until his Sept. 4 Philadelphia speech, at the earliest.

Expects Polish Vite

The general, as he embarked on his literary task, was buoyed by word that he could expect a heavy share of votes from millions of Americans of Polish descent.

Five leaders of Polish organizations conferred with him yesterday at his Hotel Commodore headquarters and later told newsmen they had informed him they could not support the Democratic party.

"At Yalta, President Roosevelt sold Poland down the river the same as he did China," said Frank Wazeter, president of the New York Division of the six-million-member Polish-American Congress.

"Our people can't feel sympathetic to a party that made those things possible," Wazeter said.

Wazeter said the leaders who visited Eisenhower spoke as individuals, but they believed they echoed a sentiment of Polish-Americans generally that the Democratic party "betrayed Poland."

Father Is Jailed For Non-Support

LISBON—A Salineville man was given a year in jail on a charge of failing to support his five minor children, when he faced Judge Louis Tobin in juvenile court Thursday afternoon, for a second time within a year, on the same charge.

Loren Watts, who served six months in jail on the previous charge was released May 31, 1952 when the remainder of his sentence was suspended on the condition that he obtain employment and support his children, ranging in age from two to 12.

Judge Tobin stated that, although Watts had secured steady employment, he had failed to contribute one dime to the support of the children since his release. The youngsters are with their maternal grandmother and have been cared for by the Columbiana County Welfare Department.

Judge Tobin stated that he is determined that fathers who fail to fulfill their obligations to their own children, after having been given one chance, will get maximum jail sentences.

400 Attend Concert

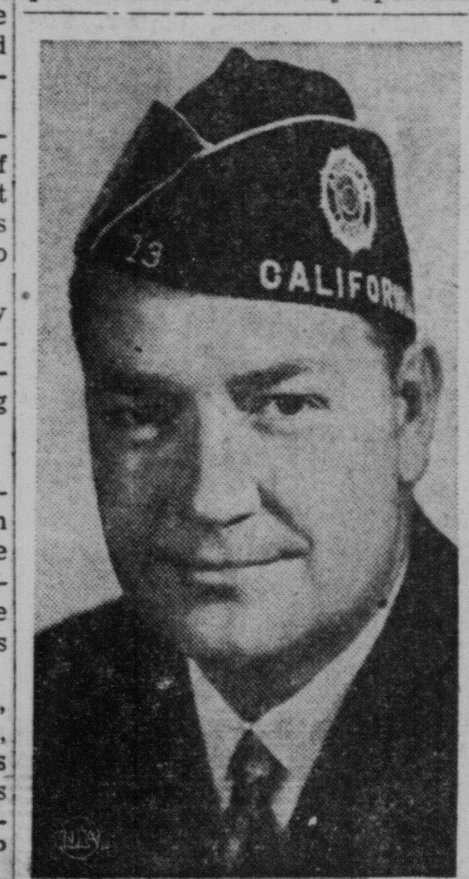

Nearly 400 persons attended the final summer concert of the American Legion Quaker City Band at Kelley Park Thursday night. Chester M. Brantigan, who directed the band in the absence of Director Wayne Wilson, said he was pleased with the turnout.

Truman Raps Legion Blasts At Acheson; Maps "Whistlestops"

Lisbon Schools Will Add Two New Grades

LISBON—Two new grades—a fourth and a fifth—will be created this year due to increased enrollment, Vaughn J. Ullman, superintendent of schools here, announced today in a plea for additional outside classrooms to house the two grades.

The rise in enrollment, which in past years prompted creation of additional first, second and third grades, has now spread to the fourth and fifth grades. Classroom space is inadequate at present because the new Lincoln School building under construction on W. Pine St. will not be completed in time for the opening of school here Tuesday.

Supt. Ullman has appealed to church, civic and fraternal groups in an effort to find suitable quarters centrally located for the two grades.

Two vacancies remain on the teaching staff of the Lisbon schools. Supt. Ullman said the local Board of Education has hired William Vieweg Jr. of Bellvue, Mich., and Miss Shirley Stang of Pittsfield.

Mr. Vieweg will assume the duties of Prof. Arthur Wise, who resigned as director of music to accept a similar position in the Philadelphia, Pa., schools. Miss Stang will take over as instructor of the newly created fifth grade.

A mathematics instructor and a science teacher are still needed in the high school to complete the teaching staff, Supt. Ullman said.

Increased enrollment is also noted in kindergarten registrations, with 104 five-year-olds comprising the largest class in history. Classes will be divided into morning and afternoon sessions at McKinley School and in St. George parish hall.

Supt. Ullman was scheduled to meet Thursday evening with school bus drivers to discuss routes and schedules.

REPORTS WALLET STOLEN

Mrs. Helen Lieder of 1013 Liberty St. reported to police that some one stole a wallet containing \$49 and some personal papers from her purse which she left on a sewing machine in McCulloch's Department Store between 11:30 a.m. and 1:30 p.m. Thursday.

he will make on his Labor Day tour to Milwaukee, but one veteran aide told a reporter:

"Any stop where they show us a crowd at a respectable hour, we'll show them the President on the back platform."

Truman was asked at a news conference yesterday if he would name the targets of his give-'em-hell talks to and from Milwaukee, Monday and Tuesday. He said the newsmen would have to find out as he went along.

To Make Major Speech

His special train leaves Washington late Sunday night for Milwaukee where he will make a major speech at a Labor Day rally at 9:30 p. m., EST Monday. He will return to Washington Tuesday night.

Westbound, the trip will take Truman through Pittsburgh, Crestline, Ohio, Ft. Wayne, Ind., and Chicago. Returning, the special train will be routed through Cincinnati, Ohio, Parkersburg, Clarksburg and Keyser, W. Va.

While the President was non-committal on most political questions, he spoke up sharply when reporters asked him about a demand by the American Legion that he oust Dean Acheson as secretary of state.

Resolution By Young Boys

Truman said the legion's resolution was got up by young boys and passed by a silent vote.

He did not explain what he meant by silent vote but, in New York, Rogers Kelley of Edinburg, Tex., chairman of the legion's Foreign Relations Committee which presented the oust-Acheson resolution, challenged Truman's "young boys" statement.

Kelley said all but two of the 33 committee members were 40 or older.

Then, the outgoing commander, Donald R. Wilson, said in his retiring address:

"I am advised that there are persons who say this convention was conducted by a group of children. I would remind any such person . . . that, if we are children, we are children of God, and children who fought for this country . . ."

Truman, at his news conference said that if the Legionnaires had the responsibility for naming the best man in the United States for the job they would not have passed the resolution because that man is Dean Acheson.

Truman said any further answer

5 \$100 Bills Taken From Woman's Purse

Banks in Columbiana County and other adjoining counties have been alerted to watch for any one of five \$100 bills believed to have been stolen from the purse of a Lisbon woman Thursday afternoon.

Mrs. Forest Lowery of RD 5, Salem, who had the money in a wallet in her purse, discovered it was missing when she returned to her car after shopping at the I.G. A. store in Lisbon. She had previously drawn the bills, the serial numbers of which run from E00301179A to D00301198A, from the Farmers Bank there.

Prior to leaving the market, Mrs. Lowery opened her purse to get some coins to operate a vending machine. She laid the purse down while working the machine.

After going to her car, the Lisbon woman found the wallet missing, along with the \$100 bills, some other money and a few odd articles. She immediately returned to the store but found no trace of the wallet or any of the articles and money.

TWO CARS DAMAGED

Ada Hanna of 1439 E. Third St. reported to police that as she was driving on S. Union Ave. at 5:25 p.m. Thursday her car struck the door of a parked auto opened by John Shea of 678 Union Ave., causing some damage to each vehicle.

Mightiest Air Blow Of War Hits Red Capital

Planes From 4 Nations Fly 1,403 Flights Over N. Korean City

SEOUL (AP)—Warplanes from four Allied nations today hit Pyongyang, capital and largest city of Communist North Korea, the mightiest blow of the war.

Three waves of land and carrier-based fighter bombers bombed and strafed the big Red nerve center in a record 1,403 sorties, or individual flights, the U. S. Fifth Air Force and Navy said.

Black smoke poured from the factories, supply dumps and troop billets at the outskirts of Pyongyang, which was forewarned of the raids by radio and leaflets.

A returning U. N. pilot said the city "was blowing up all over."

Planes from three U. S. aircraft carriers off the East coast of Korea flew 210 sorties over the Red capital.

Some 420 planes poured 4,000 gallons of flaming gasoline and 597 tons of high explosives on more than 40 Communist targets during the dawn - to - dusk raids. They sprayed 52,000 rounds of machine-gun bullets on the area, the Air Force said.

Until today, the biggest single air blow of the war had been July 11, when more than 500 fighter bombers and Superfortresses poured 1,400 tons of bombs on Pyongyang, dropping 1,063 sorties.

Today's first wave of jet and prop-driven planes battered Communist anti-aircraft defense, which pilots said threw up a heavy curtain of flak. Other waves concentrated on stockpiles, barracks, industries and airfields used to bolster the Communist war effort.

South African, South Korean and Australian planes joined U. S. Air Force, Marine and Navy pilots in this fifth attack on the Red capital since Aug. 1.

In the morning smash alone, 420 fighter bombers strafed and hurled 100 tons of bombs at two airfields, a power plant, factories, anti-aircraft batteries, and some 40 other vital military targets at the outskirts of the city that had a population of 342,000 in 1942.

Four large explosions ripped the area after the bombs hit.

The Air Force said U. N. pilots destroyed 24 troop and supply buildings, damaged 30 buildings and destroyed or damaged 14 gun emplacements.

U. S. Shooting Stars and Thunderjets moved in first to knock out the anti-aircraft batteries surrounding the targets.

Then the fast jets unleashed their 1,000 pounders on the choice targets.

Allied air losses, if any, were not announced.

Fast Australian Meteor jets and U. S. Sabre jets, flying protective cover, tangled with 16 Russian-built MIG 15s in three brief dog-fights, but inflicted no damage.

In accordance with U. N. policy of warning civilians in North Korean cities before raids, Radio Seoul told of the raid in advance and leaflets were dropped on Pyongyang, urging non-combatants to leave.

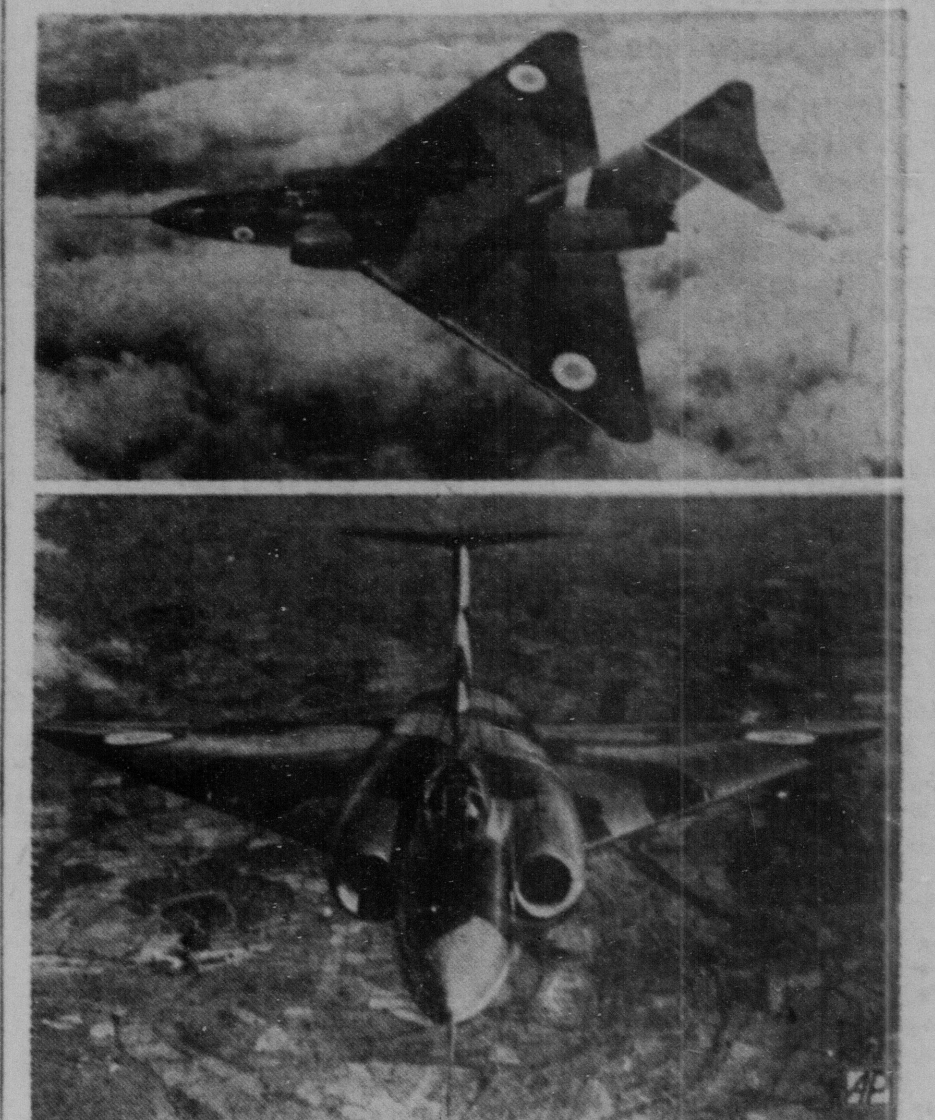

Clerks, Trustees Hear C. W. O'Neil

C. William O'Neil, attorney general, in his address to the Columbiana County trustees and clerks at their annual summer dinner in the Winona Methodist Church Thursday evening, spoke on constitutional amendments.

Mr. O'Neil said several bills pending in the legislature promote centralization of government and curtailment of the trustees' powers. He stressed the importance of the voter knowing what he is voting for in elections.

The speaker was introduced by Rep. Clarence L. Wetzel, 18th Congressional District candidate. County and district political candidates attending the dinner were introduced by Richard L. Hutcheson of Salem, president of the county association.

Ike-Stevenson Debate Takes Spotlight From Farm Contest

KASSON — DODGE CENTER, Minn. (AP)—They're going to be doing some plowing, too, at the National Plowing Contest Sept. 6.

The site of the big farm event already has shaped up as a major political arena where Gen. Dwight D. Eisenhower and Gov. Adlai E. Stevenson will mount a plank platform and expound farm views.

But officials of the contest, formally known as National Soil Conservation Day and Plow Matches, stress that all the political hoopla won't deter them in their efforts to put on an event aimed at improving farming practices.

Harold Severson, chairman of the publicity committee, said today "the forgotten men of the soil conservation demonstration and plowing matches are stolidly going ahead with their work and their plans."

The affair is sponsored by a corporation made up of seven Southeastern Minnesota soil conservation districts. It will be held on six farms between Kasson and Dodge Center, Rochester, home of the famed Mayo Clinic, is about 17 miles to the east.

There will be two divisions to the plow matches—contour (on hilly land) and level-land. Plowmen from about 15 states have already entered and tractors, plows and other farm machinery have begun to arrive on the scene.

Among the entrants is 80-year-old J. H. Thomas of Reserve, Kan., who won the England Wales plowing contest with horses when he was 21.

At the same time as the matches, soil conservation demonstrations will be going on. These include terracing on hillsides, planting of

Sparkman Opens Southern Campaign

MENDENHALL, Miss. (AP) — Sen. John Sparkman skipped the touchy civil rights issue in opening his vice presidential campaign before a deep South audience last night. The Alabama senator's blanket defense of the Democratic platform was the nearest he came to the subject.

The party platform that has caused strife among many Southern Democrats contains a proposed Fair Employment Practice Commission, "anti-lynch and anti-poll tax plank."

"I realize there may be things in the Democratic platform that all of us cannot agree upon," he told an audience estimated at between 3,000 and 5,000 in the Mendenhall High School football stadium.

"But remember that this party of ours is made up of free people from all walks of life with many divergent beliefs." Sparkman recently was called "a traitor to the South" for his support of the platform. His critics, dissatisfied Mississippi Democrats, formed a Democrats-for-Eisenhower movement and bolted the regular party.

Gough Elected New Legion Head

Calls For National Military Training

NEW YORK (AP)—Lewis Ketcham Gough, newly elected national commander of the American Legion, urges national security military training legislation to keep the nation in a state of preparedness.

The 44-year-old Gough, a World War II veteran now living in Pasadena, Calif., was elected yesterday as head of the legion in the closing session of its 34th annual convention.

Gough, who served in the Navy with the rank of commander, overwhelmingly defeated his only rival, Walter E. Alessandrini, 36, of Philadelphia.

Gough is an inheritance tax appraiser employed by the state of California. His legion office pays \$15,000 annually. Election is for the ensuing year.

At ceremonies in Madison Square Garden, Gough had the red cap of legion commander placed on his head by his predecessor, Donald R. Wilson of Clarksburg, W. Va.

In his acceptance address, Gough urged "intelligence, firmness and courage" in combatting communism, and pleaded for a decisive military program for the nation's youth.

"For 34 years the legion has had the answer," he said, "A national security training that is universal, economical, effective and safeguarded by civilian control."

"As your commander, I shall ask for your all-out effort for (such) legislation. . ."

As the convention neared its close, the delegates urged an investigation of national Selective Service headquarters.

Invalid, Killed By Father, Is Buried

MIAMI, Fla. (AP)—Eighteen-year-old Adela Moskal was buried yesterday after a life of constant pain. Her father, who had killed her to end her years of suffering, sobbed at her grave.

The girl had shown only little development since birth.

The father and mother stood dry-eyed while a priest read the burial service for children. But when a friend raised her voice in a prayer in Polish, Moskal wept and seized Adela's body in his arms.

He is free in \$5,000 bond on a charge of murder.

"Termites" In Government Hit

Dulles Says Greater Patriotism Needed

GRAND RAPIDS, Mich. (AP)—John Foster Dulles today attacked "termites" in government and declared a greater measure of patriotism is needed among all in authority as "we look into the awful abyss of atomic and hydrogen war."

In a speech prepared for the National convention of Amvets, the Republican party foreign policy adviser declared:

"Termites can destroy the noble edifice that our forebears built. They must be rooted out, and the loyalty which qualifies their successors must be something more positive than the negative virtue of not being a known member of the Communist party."

Dulles told the World War II veterans:

"When I speak of those 'in authority,' I have in mind not only the handful of conspicuous men at the top, but also the hundreds of thousands of government servants in all branches of public service. When government is so big that it spends 80 billion dollars a year, a few men at the top cannot keep track of all that goes on. Often it is the inconspicuous persons who exert the greatest influence upon policy and, above all, upon performance."

"I shall not give you my ideas as to the responsibility for the past," Dulles told the veterans. "If I did, I might sound partisan. For a Democratic administration has had the responsibility to conduct our foreign affairs during the years that led into World War I, into World War II, into the Korean War, and that have led us into what President Truman this year calls 'deadly peril,' and what Gen. Eisenhower this week identified as the greatest peril in our nation's history."

Dulles made no further reference to the Republican presidential nominee, whom he advises on foreign policy.

Big Four Vetoes Austrian 'Aryan' Law

VIENNA, Austria (AP)—The Big Four powers have unanimously vetoed an Austrian law which would have permitted pre-war "aryans" to lay their hands for a second time on Jewish property they gained under Hitler.

The rare agreement between Russia and the Western powers was reached by the Executive Committee of the four-power Allied Control Council for Austria, it was announced today.

The vetoed law was one of seven recent Austrian statutes which have come under fire from much of the world's press, the U. S. State Department and Jewish leaders.

The four occupation powers approved three other laws aiding certain victims of nazism but asked the Austrian government to broaden them to include thousands of Nazi victims who no longer hold Austrian citizenship.

Still awaiting Allied action are three other controversial laws granting amnesties and returning property to 34,000 former Austrian Nazis. Jewish leaders have termed these a "reversal to nazism" and the U. S. State Department said it was "greatly disturbed" by them.

FALSE ALARM TEST

BATAVIA, N.Y. (AP)—Mayor Judd L. Perkins turned in a false fire alarm here and got away with it. His reason: to test the speed of firemen and police. They answered the call in 1½ minutes.

Police Believe They Have Killer Trapped

PACIFIC, Mo. (AP)—Police, convinced they have a cordon around William Merle Martin, 42, one of the FBI's 10 most-wanted fugitives, adopted a starve-him-out attitude today.

"We can't possibly get enough men to comb those woods thoroughly," Capt. Lewis Howard of the Missouri Highway Patrol said.

"Our men could go within three feet of him in some sections and not know it. We'll just have to wait until he gets hungry enough to make a break."

A driver of a car, stolen in Birmingham, Ala., several days ago, fled into a rugged section of Western St. Louis County, about 40 miles west of St. Louis after highway troopers forced the vehicle into a ditch.

They believed the man answered Martin's description.

Around dusk last night two armed farmers, part of a large group of civilians who have joined county, state and federal authorities in the area, saw a man who appeared to be Martin walk from the woods.

The man spotted them and fled. They fired shotguns but apparently didn't hit him.

Martin, who began a crime career in 1929, got on the FBI list after the slaying of Deputy Sheriff Willard Carver near Olathe, Kan., June 23.

Roving Reports By HAL BOYLE

HOMETOWN, U. S. A. (AP)—The Peebles, like many an American family today, are a house divided.

Wilbur, the country's most average citizen, and his wife, Trellis Mae, used to quarrel over only one thing—her ambition to own a mink coat.

But that was before Wilbur went to the Republican convention and came home in favor of Gen. Eisenhower, and Trellis Mae attended the Democratic convention and returned an ardent roofer for Gov. Stevenson.

Now they are separated by a new yawning chasm—party politics.

Wilbur awoke the other morning in a cramped position on the living room sofa, to which he had been exiled by Trellis Mae after he referred slightly to Stevenson as "a Truman in short pants."

His wife, her hair still in metal curlers, sat in his favorite chair studying the newspaper.

"How about some breakfast, honey?" said Wilbur. "I'm starving."

"Make it yourself, you Republican—you believe in individual enterprise," replied Trellis Mae. "And don't burn the toast. I have to catch up on the political news."

Wilbur meekly got up, showered, shaved, dressed, and fixed breakfast for two. Trellis Mae joined him at the table, put down the newspaper, and said:

"Well, he's done it again!" Her husband went on morosely munching his toast.

"I say, he's done it again!" said Trellis Mae more loudly.

"Who?" said Wilbur, unable to resist the bait.

"As if you didn't know. Ha, ha, ha! Stevenson — of course."

"Has he attacked that mess in Washington again?"

"Don't be so funny," said Trellis Mae. "He says your pal Ike is up to his knees in a bucket of eels. Ha, ha, ha! What's the matter with Ike's campaign anyway? It's stalled."

"Ike's just getting into gear," replied Wilbur stoutly. "He likes to plan his campaigns instead of going off half-cocked. When he really hits the Democrats it'll be another Normandy landing."

"All I can say," remarked Trellis Mae, "is that right now he is approaching victory with the speed of erosion."

"I really don't understand you," said Wilbur, trying dignity. "Your father was a Republican, your grandfather was a Republican, and you were a Republican until last month. You don't want to be a turncoat, do you?"

"Look who's talking," answered his wife. "Who voted for Roosevelt three times? You! Who said when he got out of the Army he'd never vote for a man who wore a uniform? You!"

"That was before they nominated Ike," said Wilbur. "Can't a man change his mind?"

"Can't a woman?"

"Sure, but Ike is a new broom. He's got what the country needs. He is a real man of action. Stevenson is just a phrase-maker. Anybody can make a high-sounding phrase."

"Oh, can they?" demanded Trellis Mae. "All right, Wilbur. You make one. Right now. Quick."

Wilbur stared at her. His mouth

opened and closed, opened and closed again.

"Uh-uh-uh," he spluttered. "Women have no darn business talking politics."

"That isn't a new phrase," said Trellis Mae. "That is a platitude, my love."

Wilbur made a final attempt to convert her. "I ask you one thing—just one thing," he said. "What has Adlai Stevenson got that Ike doesn't have more of?"

"Me!" said Trellis Mae triumphantly. Wilbur looked at his wife, shook his head, threw down his napkin, and trudged off to work. November—and peace—seemed a long way off.

Route 7 Work Near Completion

Family Reunions
Scheduled For Park

COLUMBIANA — Kenneth Clifford, foreman on the Route 7 widening job east of Columbiana from Middleton 2.07 miles north to the highway overpass at the Pennsylvania Railroad, expects to complete the work about the last of September if the weather is not too unfavorable.

The Sutton-Stewart Co. of Bridgeport has the contract for \$166,307, on which it started last spring. The highway is being widened 18 to 24 feet and surfaced with a 2½-inch bituminous top. The project has involved moving 23,815 cubic yards of earth.

Mr. Clifford moved with his family from Bellaire to Columbiana early in the summer, and is living at 114 S. Elm St.

DEAN SEEVERS, Division 11 engineer for the State Highway Department at New Philadelphia, notified Don R. Gosney of Columbiana, Democratic county chairman, yesterday, that Route 170 would be opened today for two-way traffic between the turnpike and Route 14 at Unity. The new intersection at Unity is not quite completed, but the Highway Department decided to accommodate the holiday traffic.

Several family reunions are scheduled for Firestone Park over the weekend and Labor day, with the Leetonia Mennonite Church picnic Monday. The Zeigler family reunion will be held Saturday, and on Sunday the Longbottom, Wana-maker, Green, Hartman-Myers, Chellis-Ayres and Rhubaugh-Lotz reunions. Labor day reunions scheduled are the Harris, Cole, Souder and Field families.

ADOLPH Johnson & Son, Youngstown contractors who are building the new Lutheran Church, brought a force of 10 additional carpenters from Youngstown yesterday and completed the carpenter work.

Don Young, who was general manager of the Columbiana American Legion Junior Baseball team in the Columbiana county league earlier in the summer, has arranged a trip for members of the team to Cleveland for the game Sunday, Sept. 14, between the Cleveland Indians and the New York Yankees. Mr. Young is buying tickets for the game, and Firestone American Legion Post will charter a Youngstown-Columbiana bus for the trip. About 20 players will be taken.

There will be no bus service Monday because of the holiday on either the Columbiana-Youngstown or the Columbiana-Leetonia-Salem line.

The first meeting of the season of the Columbiana Grade School Mothers' Club will be held in the High School building Wednesday evening, Sept. 10, when Superintendent D. W. Bailey and High School Principal W. G. Gloss will speak. Teachers will be present to meet the mothers. It is expected also that a representative of the public library will be present to give a talk on children's books.

CLIPPER Aerie, F.O.E., of Columbiana will have its annual all-day family picnic at Mil Pie Park, between Columbiana and New Waterford tomorrow.

Coach Homer Pyle and Assistant Coach Richard Berryman are taking prospective members of the Clipper football squad through a course of training at Firestone Park, with two sessions daily, at 9 a.m. and 6 p.m., until school starts, when there will be after-school practice only. A squad of about 40 is working out. The opening game is scheduled with Poland for Friday evening, Sept. 12, under

the lights at Firestone Park Stadium. The Clippers may take part in a preview at McDonald, Saturday, Sept. 6.

The apple marketing meeting scheduled for Salem next Thursday evening has been postponed to Tuesday, Sept. 16, the place to be announced later.

Leetonia

Pickets Shut Down Big Newell Pottery

EAST LIVERPOOL, O. — Pickets lined up at entrances of the sprawling Homer Laughlin China Co. in nearby Newell, W. Va. today and shut it down.

A week-long strike by kilnhands in the decorating department had already idled 900. Today's move hit all 2,500 of the firm's employees.

The kilnhands walked out after the company announced it intended to hire an apprentice for their department. The company insisted it was unable to find a journeyman for the job, as the union requires.

Joseph M. Wells, secretary-treasurer of the firm, said he will not start negotiations until the men return to work.

Speed To Bring Soldier Back To Ill Family

NEW YORK — A second mercy-mission plane winged through pre-dawn darkness over the Atlantic today to meet a troop transport and help speed a soldier to his tragedy-stricken Nebraska home.

The aircraft, a two-engine seaplane, took off from the Coast Guard air station at Salem, Mass., and headed for the Navy transport Gen. Alexander Patch, some 500 miles northeast of New York. The plane was expected to rendezvous with the transport soon after dawn.

Heavy Atlantic waves yesterday crippled an Air Force plane sent to pick up T. Sgt. Charles R. Buggy and fly him to his Winnebago, Neb., home.

There one of his two children was dead of polio, his other child lay ill of the same disease, and his wife—suffering from a serious spinal ailment—faced critical surgery.

The first mercy plane landed successfully on the water near the transport but collided with a lifeboat lowered from the ship to secure a line between the two craft. The plane's propeller was damaged.

Buggy, a World War II veteran who enlisted in the Army early this year, has been stationed in Germany.

His 4-year-old son Charles Jr. died two days ago at a Sioux City, Ia., hospital.

His 6-year-old daughter Kathleen is still a polio patient at the same hospital. Her condition was listed as good.

And surgeons said they hesitated to operate on his wife unless he was at her bedside.

Negro Testifies Against 2 Men Who Burned Him

BOWLING GREEN, Ky. — A 39-year-old Negro was carried into court yesterday to testify at the arraignment of two white men accused of setting fire to his gas-line-saturated overalls.

The incident occurred June 14 at a feed mill where Joe Simmons said the men — James Chaffin, 30, and James Cherry, 25 — grabbed his arms and saturated his trouser legs with gasoline.

Simmons said Chaffin then applied his lighter to the overalls. Burned severely about both legs, Simmons has spent almost six weeks in a hospital. He could give no reason for the incident.

Chaffin and Cherry told police it was only a prank and didn't mean to hurt Simmons.

Los Angeles Reinstates UNESCO Program

LOS ANGELES — The Los Angeles city Board of Education, after listening to six months of debate for and against the United Nations Educational, Scientific and Cultural Organizations study program, has voted to reinstate it in the city schools.

But, the board voted unanimously last night, only on "an impartial and factual basis."

Veterans' groups and other patriotic organizations had fought the program, charging it minimized national loyalty. Other organizations and individuals had upheld it.

With only one dissenting vote, the school board excluded from use in the schools the teachers' guidebook, "The E in UNESCO," which also has been under fire.

U. S. Polio Cases Climb Near Record

NEW YORK — The National Foundation for Infantile Paralysis said yesterday that this year's total of polio cases is 68 per cent higher than last year's total over the same period.

So far in 1952, the foundation said, 19,980 persons have been stricken in the U. S. It said the total for the period in 1949, when the country suffered its worst polio epidemic, was 20,526. In 1951, it was 11,886.

Tydings Blasts Sen. McCarthy As "Cowardly"

BALTIMORE — Millard E. Tydings, former Democratic senator, last night branded Sen. McCarthy (R-IWs.) as a "cowardly patriot" and said he may go to Wisconsin to "expose the senator."

It was the latest salvo in the long-standing feud between the Marylander and the Republican senator. Tydings has challenged McCarthy to make good on his charges of communism in government.

Earlier yesterday McCarthy turned down an offer to debate with Tydings on the same platform in Wisconsin.

"I wouldn't care to waste time debating with the dead," McCarthy was quoted.

Tydings retorted: "Think of a man who one day invites me to come into his state, and when I accept and want to meet him there face to face he scurries like a scared rabbit."

"Now you've got the true picture of McCarthy, the spurious 'fighting marine' who never fought, the cowardly patriot who won't defend his public statements."

"McCarthy now stands before the people of his state and the people of the nation for exactly what he is—a cringing, hit-run, despicable political and moral coward..."

McCarthy is running for re-election this year.

ASBURY PARK, N. J. — Scanty bathing suits are out for wedded beauties entered in the finals of the 14th annual Mrs. America contest on Sept. 7.

While the contestants will be judged on their charms as well as home making ability, Bikini type suits have been tabooed, the committee announced today.

The committee said that although the contest's claim is that married women are prettier than single girls, contestants have been warned not to go too far out on the limb to prove it.

Mrs. John Bauman, who presided at the meeting, used "Pray Without Ceasing" as her scripture text, telling how Frank Laubach described prayer as the mightiest

force in the world from his book by that name. The author believes that only through prayer can the world be saved from total destruction.

Leader of the roundtable discussion of Lutheran work among the Mexicans was Mrs. Alfred Konnerth. Mrs. George Gottschling Jr. spoke on being doers of the word through Christian social service and Mrs. Rudolph Schuster told of the work of the Lutherans among the Negroes.

All three women told of the Hanover convention of Lutherans from all over the world which convened recently in Germany.

The circles decided to purchase the Laubach book on prayer. To further their improvement project, Mrs. George Vogelhuber Sr., Mrs. Martin Polder Sr. and Mrs. Rudolph Schuster were named to select a new stove for the church kitchen and Mrs. Rudolph Linder will see to the buying of dining room tables.

Martha Circle will have charge of the sick and hostess project for September and October; Mary, social; Naomi, nursery; Ruth, sales tax; Esther, Junior Mission Band and Luther League; and Hannah, New Guinea commissary.

Health To You

By EDWIN P. JORDAN, M. D.
The Doctor Answers

Nearly everybody has heard the expression "20-20 vision," but few people know just what it means.

Q—Please explain how the eyesight rating 20-20 vision is derived? K.L.M.

A—A person who can read a certain standard-sized letter on a chart 20 feet away is said to have 20-20 vision. If the next larger letter can be read, the vision is said to be 20-30, etc. Ordinarily, someone is considered to have normal ability to see if he has 20-20 vision in each eye.

Q—My mother, who is getting on in years, has had several strokes in the past few years. She suffers no pain and has no difficulty except some paralysis, and she gets quite depressed. Isn't this depression normal? So many older folks have these strokes. Do they come with age, certain strains, health habits, or what causes them? —Reader.

A—It is certainly normal to be depressed if one cannot move around as well as one did formerly. A stroke does come as a rule with age and is a reflection of the fact that the arteries are not as elastic as they used to be.

This results either in blood leaking out of them into the brain or a clot forming in one of these blood vessels. If the amount of bleeding is slight or the clot involves only a small vessel, someone who has

Newhouser Wins Second Contest

Lemon Faces Trucks Today As Series Ends

DETROIT (AP)—Because they still can't solve the pitching of Hal Newhouser, the Cleveland Indians today remained two games off the pace in the American League race. The Tribesmen belted three Detroit chukkers for 14 hits and won the opener of Thursday night's twin-bill, 9-3. But then they came up against Detroit's stylish southpaw and meekly lost the second tilt, 4-1.

All the Tribe could muster in the way of scoring against Newhouser was Al Rosen's 24th homer of the season in the second inning.

Rosen batted in four runs in the first game. Three times his singles sent Bobby Avila across the plate — in the first, third and seventh innings.

The first of those one-base hits also brought in Larry Doby who walked after Avila singled.

Dale Mitchell and Avila singled and Doby walked to load the bases in the third. Luke Easter forced Doby, scoring Mitchell. Then Rosen hit, scoring Avila; Wally Westlake tripled, scoring Easter and Rosen; and Jim Hegan doubled, scoring Westlake.

Mitchell started the seventh inning rally with a double. Harry Simpson went in to run for him.

Avila bunted safely and then Easter's fly scored Simpson just before Rosen drove in Avila.

Walt Dropo singled in Johnny Pesky for the first Detroit run in the opener. Fred Hatfield's homer after Pesky had walked in the seventh brought in the other two Tiger runs in that game.

Cliff Mapes belted a homer in the second inning of the nightcap after Jim Delsing had doubled, giving Newhouser all the runs he needed.

Singles by Matt Batts, Newhouser and Johnny Groth got another Tiger run in the seventh, and in the eighth Batts singled in Delsing with the last one.

The series ends with this afternoon's game in which Bob Lemon (16-9) pitches for Cleveland against Virgil Trucks (5-15).

Bears Hope To Stop Dub Jones

CLEVELAND (AP)—The returned Chicago Bears are sending a flock of new linemen onto the Municipal Stadium turf tonight hoping they can find a way to stop Cleveland's Dub Jones from running wild.

The one time Monsters of the Mid-way showed the best rushing attack in the National pro grid league last season by picking up 141 first downs and 2,408 yards on the ground. But they came to grief when their defenses crumbled and lost five of 12 starts.

Their worst game was against Cleveland's mighty Browns — the day Jones galloped around, through and beyond them for six touchdowns, tying a league record.

The Bears, seeking to regain some of their lost prestige, would undoubtedly enjoy a win over the Browns. Seven times the Bears have won league championships but the last one was in 1946—and since then the Browns have taken over.

Between 30,000 and 40,000 are expected to turn out for the exhibition which will be broadcast over a special Ohio network but not televised.

Will Keep Williams Until November, '53

WASHINGTON (AP)—If the Boston Red Sox entertained any hopes of having Ted Williams back next season they can forget about them.

The Marines plan to keep Capt. Ted Williams until November, 1953. A Marine Corps spokesman said Thursday that all reserve officers serve a minimum of 17 months. Ted was called up last May.

The Red Sox slugger is due to go to Korea next month.

Speedboat Driver Hurt In Detroit Warmup

DETROIT (AP)—Driver Roy Doby still was on the critical list at a hospital today following a speedboat mishap on the Detroit River.

Doby was hurt when Such Crust III flipped over during a warmup for the Silver Cup races here this weekend. Doctors said he suffered a fractured skull, lung injuries and broken ribs, and is threatened with pneumonia.

SOLO—Marguerite Williams streaked in on a single ski to win the United States Women's Water Ski Championship at Minocqua, Wis. The Cypress Gardens, Fla., miss bagged the jumping and trick-riding events.

Reds' Ewell Blackwell Bought By Yankees; Give Up Schmitz

NEW YORK (AP)—The mystery of the seven National League clubs passing up Ewell Blackwell for the \$10,000 waiver price was only partially explained today as baseball executives gave their reasons for allowing the former ace Cincinnati pitcher to go to the New York Yankees.

"Blackwell's through! He can't help us,"

That was the consensus among the National League moguls. Apparently the world champion Yankees don't agree or they would never have shelled out some \$50,000 plus four players to get the 29-year-old right-hander.

Conceding that Blackwell is not the pitcher he once was, he still is far from finished, at least in the opinion of some American Leaguers. For it had been learned that General Manager Hank Greenberg of Cleveland and Frank Lane of the Chicago White Sox made overtures for him but were outbid by the Yankees.

The Yankees gave up a pretty fair pitcher in southpaw Johnny Schmitz and three players from their minor league farms to be named later. They refused to reveal the purchase price.

If Blackwell, winner of only three games against 12 losses, and currently plagued by a sore arm, should do an about face with the Yankees, there are sure to be some red faces in the National League.

Explaining why the Brooklyn Dodgers let Blackwell out of the league, General Manager E. J. (Buzzy) Bavasi said:

"We may be wrong but we don't think Blackwell has it anymore. Besides, he has a sore arm. . . . We need a pitcher who can pitch regularly. Blackwell hasn't pitched in three weeks."

"We're really sorry to see Blackwell get out of the league. There aren't many pitchers around from whom we can get 15 runs in one inning."

Bavasi obviously was referring to a game last May when the Dodgers set a modern record by scoring 15 runs in the first inning. Blackwell was the starting pitcher in that game.

Pitching: Hal Newhouser, Tigers—Turned in 198th victory of his big league career in pitching Detroit to 4-1 triumph over Cleveland in second game of two-night doubleheader.

Batting: Cass Michaels, Athletics—Smashed three-run double to climax four-run, eighth-inning rally that enabled Philadelphia to defeat Boston, 6-4.

Robinson staggered to his 21st victory of the season as the Phils lambasted the Cards. The Phils opened a 5-0 lead in two innings but Red Schoendienst cracked a three-run homer in the seventh to tie the score at 6-6. Richie Ashburn drove home two runs in the eighth to snap the tie and Smoky Burgess clinched it with a two-run homer in the ninth. The loss was the Cards' sixth straight and it cut

Idle Yanks Remain Two Games In Front; Schedule Favors Tribe

By RALPH RODEN
Associated Press Sports Writer

The schedule clearly favors the Cleveland Indians in their quest of the 1952 American League pennant but one disturbing factor in the otherwise serene picture is the Detroit Tigers.

Cleveland is due to meet the tail-end Tigers nine times before the curtain falls on Sunday, Sept. 28. At first glance it would appear that this is a feather in Cleveland's cap but the marooned Tigers have a nasty habit of beating the Indians at the most inopportune moments.

Detroit, then in fifth place, upset the Indians' appellation last year by sweeping a three game set from the Tribe late in September to kill their chances of overhauling the New York Yankees.

The specter of 1951 haunted the Indians again last night as they missed a chance to pick up ground on the front-running Yankees by splitting a two-night twin-bill with the Tigers before 53,988 fans.

Early Wynn coasted to his 17th victory in the first game, won by the Indians, 9-3, but Hal Newhouser turned back the Tribe, 4-1, for the 198th victory of his major league career in the second.

As the Yanks were idle, Cleveland remained two games off the pace. The Indians have 27 games left to play including 20 of their last 22 at home. The Yanks also have 27 games left but 18 of them are on foreign soil. The third place Red Sox have 31 games to go but 22 of them are away from home and Boston is known as a poor road club.

The Red Sox also blew a chance to gain by dropping the first game of a doubleheader to the rising Philadelphia Athletics, 6-4. The second game was rained out.

Brooklyn, meanwhile, continued its march to the National League flag by dumping the Chicago Cubs, 9-6, to remain 9 1/2 games ahead of the runner-up New York Giants. The Giants swamped Pittsburgh, 14-7, while Cincinnati edged Boston, 5-4, in 10 innings and Philadelphia outlasted St. Louis, 10-6, in the circuit's only night game.

Roy McMillan broke up the extra-inning battle at Cincinnati by singling home Hank Edwards from second base in the 10th. Red relief ace Frank Smith picked up his 10th triumph while Sheldon Jones was tagged with his fourth Boston defeat.

Robinson staggered to his 21st victory of the season as the Phils lambasted the Cards. The Phils opened a 5-0 lead in two innings but Red Schoendienst cracked a three-run homer in the seventh to tie the score at 6-6. Richie Ashburn drove home two runs in the eighth to snap the tie and Smoky Burgess clinched it with a two-run homer in the ninth. The loss was the Cards' sixth straight and it cut

their advantage over the fourth place Phils to three games.

Tennessee To Be Weak Offensively

KNOXVILLE, Tenn. (AP)—Tennessee's 1952 football team, says Gen. Bob Neyland, will be weaker offensively and perhaps stronger defensively than the 1951 crew which bowled over 10 opponents and won the mythical national championship.

But because of an inexperienced squad, Neyland believes Tennessee followers should get ready to take more of the same medicine Maryland crammed down the Volunteers' throats last Jan. 1.

Maryland, rated third last fall in The Associated Press Poll, crushed Tennessee 28-13 in the New Orleans Sugar Bowl classic.

Despite the loss of two All-America defensive linemen, Neyland's chief chore will be the fashioning of an attacking force to replace the one led so successfully by All-America tailback Hank Lauricella.

Heddlestons Eliminate Lions, 3-2, In Class B Playoffs

Heddlestons assured themselves of a chance for the Class B. League softball championship Thursday night at Centennial Park when they eliminated Lions in two straight games, 3-2.

Having beaten the Lions Tuesday night, the Pharmacy nine came through with their second straight victory and will meet the winner of the two-of-three series between Butler Grange and Joes.

The latter two squads play their second game tonight with Joes holding a 1-0 edge in the series. Winning pitcher Bill Buckman yielded just three hits to the Lions while Bill Panzott gave up the same number to Heddlestons. The victors tallied a run in the bottom of the second inning to tie the score at one apiece. Both teams scored a run in the fifth inning and Heddlestons won the game with a run in the bottom of the sixth inning.

Prosecution Of Frauds Rapped

Detroit Case Cited By House Probers

WASHINGTON (AP)—House investigators today charged the Justice Department has been "most dilatory" in some prosecutions and cited a Detroit fraud case as "a typical example."

Counsel Robert A. Collier laid before a Judiciary Subcommittee a number of documents dealing with the Norman E. Miller and Associates, Inc. case which came up in 1944 and was closed in 1951 with-

out prosecution or recovery of government funds.

Collier said Miller was indicted July 14, 1944 on six counts alleging fraud in that he had "knowingly and fraudulently charged indirect time as direct time for his employees in performing under certain government contracts."

In addition to the indictment, Collier said a civil suit was filed by the government seeking recovery of \$36,000.

"Despite the fact that in its early phases the case was described by the justice attorneys as 'one of the best' that the department had," Collier said, "action was delayed through various devices for over six years at which time both suits were dropped."

Collier told the committee that its staff, after a review of numerous cases in Justice Department

files, decided "it is to the best interests" that it demonstrate publicly how dilatory the department has been.

The committee turned to the war fraud phase of its inquiry after hearing charges that Justice Department officials interfered with a tax scandal probe.

The decision to take up the Detroit case came after ranking members of the subcommittee lambasted Justice Department officials for trying to "whitewash" a tax case inquiry by a St. Louis grand jury early in 1951.

Red Cross Appeals For Nurses To Fight Polio

COLUMBUS, O. (AP)—An appeal for more nurses to help in what has been called a serious polio situation went out today from the American Red Cross. Francis J. Check, state relations representative for the Red Cross, said the appeal goes particularly to inactive registered nurses to register with their local Red Cross headquarters.

to the legion's demand would be unprintable. Thus, the President again made it clear he intends to keep Acheson on the job as long as he is president.

Truman said Gov. Adlai Stevenson's support of his own stand on the submerged offshore oil issue would not cost this year's Democratic presidential nominee the votes of Texas any more than it did in his own case in 1948.

A great many people in Texas and the other coastal oil states, he went on, don't own oil wells and are not millionaires, and they vote Democratic.

Congressmen from Texas, Louisiana and California long have fought for state ownership of the oil reserves off their shores, while Truman insists they belong to the federal government.

All this moved Rep. Charles A. Halleck of Indiana, co-chairman of the Republican Speakers Bureau, to get out a statement saying:

"President Truman's press conference statement today about tidelands oil, and the disclosure this week by Stephen A. Mitchell, Democratic national chairman, that he would see Mr. Truman weekly for item by item advice on campaign problems; leave no doubt that the Democrat nominee is merely a puppet—an Ivy League Truman, with a Jake Arvey halo over his head."

TO HIRE FOR ATOM PLANT

COLUMBUS, O. (AP)—The state employment service will set up a permanent office at Waverly as soon as the demand for atomic plant workers is great enough, Ernest Cornell, administrator of the Bureau of Unemployment compensation, announced Thursday. The offices at Jackson and Portsmouth may be enlarged, he said, to handle the employment traffic caused by the atomic energy plant to be built in Pike County.
